Revisit Goals and Objectives

Mancuso suggested reviewing and adopting the goals and objectives in order to help guide the Commission with decisions. Each goal was read and related to a project or an activity/program in the park. Based on the goals and objectives, the five year plan should be updated as well. Vaccaro liked the concept of having guidelines; he asked the Commission to review them and that the Executive Committee will also review and provide recommendations at a later date.

Fee Schedule

Mancuso advised the fee schedule for other park services should be analyzed yearly, updated wherever the Commission deems necessary and post it publically. Fees will be posted on the website for the Commission to view.

Discussion: Project List (2017)

The playground will be next project that will be worked on, after YAC ends. Various parts of the area will be addressed such as painting surfaces and a possible upgrade to the boat structure.

Trail Update

Topic was previously discussed in the Park Recreation Director's report.

Please note the agenda was suspended so that the Commission could discuss the outcome of the talent show. Afterwards, the Commission returned to the agenda.

Mancuso reported the talent show event was well received; approximately 60 people attended. Three acts participated; all three acts won a prize. There was a band that performed, as well. He suggested a cover or a roof for the stage which would be a great addition for the area. Battaglia added that matter should be added to the project list; he further added that with the roof, the stage could possibly be used in conjoined events with the Village of Monroe, like their concert in the park series.

2017 Committee Assignments

No new updates at this time.

Hockey Rink Quotes (Resurfacing)

Topic was discussed during the Park Recreation Director's report.

New Business

Bollenbach asked how the yoga class is doing. Mancuso stated that there wasn't a great response even though there were a good amount of people who inquired about it. Many of the people who asked about it didn't have Park Ids, which is a requirement in order to participate. Morris asked about the YAC field trips, including the field trips to the movies. Mancuso stated that some of the trips had to be canceled but there are a few that did occur. Overall YAC is going smoothly; one possibly injury but nothing officially reported.
